## **COMPANY PROFILE**

**YEAR 2021**

**TEL/FAX 022 2617932; MOBILE 0754 311253, 0754 304026, 0693 312913, 0684 636035**

**HEAD OFFICE DAR ES SALAAM**

## **COMPANY PROFILE**

### **1. Introduction**

M/S R & A Works was registered by the Registrar of Companies on 27.07.1989 as J. J. Construction Company with Certificate of Incorporation Number 16927. The company was not engaged in business seriously until 1995 when its Directors were back from further studies. The company changed its name to R & A Works Co. Ltd on 07.06.1995.

R & A Works Co. Ltd is a locally registered firm in the construction industry. The core staffs have a working experience in various multinational, national and private firms in design and construction of more than 35 years individually.

We are registered with CRB Class III for building works, Class IV for civil works and Class I specialist contractor (railway maintenance).

#### **4. Vision**

Company vision: To grow and become a leading contractor in building, civil and Railway works

#### **5. Mission**

The mission of the firm is to use the knowledge and experiences gained by individuals in the firm to produce a well planned, functional and value added built environment. The firm strives to deliver quality and timely construction services of the highest level to the satisfaction of the Clients and the users

#### **6. Goals**

Company goals: - To increase business by ten percent yearly  
To collect all company dues  
To increase quality by two folds  
To donate 1% of our profit to community development activities

#### **7. Company policy:**

Minimizing waste  
Re-use material to non-salvage value  
To avoid environment degradation as much as possible  
Respect confidentiality of information  
Avoid conflicts of interest  
Transparent and fair deals  
Support work force as far as the company can afford  
Good and safe work environment

**8. Safety Policy:**

To abide Contractors Registration Board bylaws as follows:

- Provision and maintenance of appropriate site safety gear.
- To maintain an accident record register at site.
- Provision of hoarding to all sites.
- Provision of fire fighting equipment at site.
- Provision of hygienic facilities at site e.g. portable water, serviceable toilets and lunch sheds.
- Provision of first aid kit and knowledgeable first aider at site.
- Conduct site program about safety and health especially for the deadly disease HIV/AIDS i.e. awareness campaign.
- Compensation of injured workers as required by law.

To abide to OSHA bylaws

**R&A WORKS COMPANY LIMITED****THE INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF R&A WORKS COMPANY LIMITED****Report on the financial statements**

We have audited the accompanying financial statements of R&A Works Company Limited ("the Company") which comprises the statement of financial position as at 31 December 2015, and the statements of profit or loss and other comprehensive income and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information, as set out on pages 12 to 19.

***Directors' responsibility for the financial statements***

The Company's directors are responsible for the preparation of financial statements that give a true and fair view in accordance with the selected financial reporting framework and in the manner required by the Companies Act, 2002, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

***Responsibility of the auditors***

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted the audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements give a true and fair view of the financial position of R&A Works Company Limited as at 31 December 2015, and of its results of operations and its cash flows for the year then ended in accordance with the financial reporting framework adopted by the Company and in the manner required by the Companies Act, 2002.

***Basis of accounting***

Without qualifying our opinion, we draw attention to Note 2(a) to the financial statements, which describes the basis of accounting. The financial statements are prepared based on the accounting policies as stated on pages 12 to 19 and are intended to meet the Company's financial reporting purposes, and those of its stakeholders and as a result, may not be suitable for another purpose.

**R&A WORKS COMPANY LIMITED**

**THE INDEPENDENT AUDITORS' REPORT

**Report on other legal and regulatory requirements**

**Companies Act, 2002**

As required by the Companies Act, 2002 we report that:

- In our opinion, proper accounting records have been kept by the Company;
- The individual accounts are in agreement with the accounting records of the Company; and
- We obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

**R&A WORKS COMPANY LIMITED****INDEPENDENT AUDITORS' REPORT  
TO THE MEMBERS OF R & A WORK COMPANY LIMITED****Report on the audited financial statements*****Opinion***

We have audited the financial statements of R&A Works Company Limited ("the Company"), set out on pages 9 to 19 which comprise the statement of financial position as at 31 December 2016, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of R&A Works Company Limited as at 31 December 2016, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) and in the manner required by the Companies Decree (Cap. 153).

***Basis for opinion***

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Other information***

The directors are responsible for the other information which comprises the Directors' Report. The other information does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

***Responsibilities of directors for the financial statements***

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards and in the manner required by the Companies Decree (Cap. 153), and for such internal control as directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

***Auditors' responsibilities for the audit of the financial statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### R&A WORKS COMPANY LIMITED

#### INDEPENDENT AUDITORS' REPORT (Continued)

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Report on other legal and regulatory requirements

As required by the Companies Decree (Cap. 153) we report that:

- in our opinion, proper accounting records have been kept the Company;
- the individual accounts are in agreement with the accounting records of the Company; and
- We obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

## INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF R & A WORK COMPANY LIMITED

### Report on the audited financial statements

#### Opinion

We have audited the financial statements of R & A Works Company Limited ("the Company"), set out on pages 8 to 28 which comprise the statement of financial position as at 31 December 2017, the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of R & A Works Company Limited as at 31 December 2017, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) and in the manner required by the Companies Act, 2002.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other information

The directors are responsible for the other information which comprises the Directors' Report. The other information does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of directors for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards and in the manner required by the Companies Act, 2002, and for such internal control as directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

# **INDEPENDENT AUDITORS' REPORT (Continued)**

## **Auditors' responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors;
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **Report on other legal and regulatory requirements**

As required by the Companies Act, 2002 we report that:

- in our opinion, proper accounting records have been kept by the Company;
- the individual accounts are in agreement with the accounting records of the Company; and
- we obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

**16. HEALTH, SAFETY, ENVIRONMENT & QUALITY POLICY**

R & A Works Co. LTD is committed to provide and maintain a safe and healthy workplace for all staff, reduce any impact our operation might have on the environment, to provide the information, training and supervision to all staff needed to achieve this and maintain customer satisfaction through the continuous improvement. R & A Works Co. LTD will take responsibility for health, safety, environment & quality procedures, however employees need to be aware of their responsibilities and comply with the company health, safety, environment & quality policies and procedures as our company is grounded in Total Quality Management (TQM) practices. Each employee is encouraged to play a vital and responsible role in maintaining a safe and healthy workplace, caring for our environment and ensuring quality of our service to meet the highest level of customer satisfaction through:

- Being involved in the workplace health, safety, environment & quality management system.
- Sticking to correct procedures and equipment use.
- Wearing protective clothing and equipment as and when required.
- Reporting any pain or discomfort as soon as possible.
- Ensuring all accidents and incidents are reported immediately.
- Helping new employees, trainees and visitors to the workplace understand the right procedures and why they exist.
- Telling your manager immediately of any health, safety or environmental concerns.
- Keeping the work place tidy to minimize the risk of any accidents or mishaps.

Employees are required to cooperate with the Company not only to ensure their personal safety, but also to ensure they are not prosecuted for breach of legislation or have disciplinary action taken against them by the Company for breach of Company rules.

**Health, Safety, Environment & Quality policy statement**

1. This policy will say how R & A Works Co. LTD will manage its health, safety, environmental & quality responsibilities.
2. R & A Works Co. LTD will manage health, safety, environment & quality policy by:
  - Controlling the health and safety risks at work.
  - Involving employees on health, safety, environment & quality issues that affect them.
  - Making sure that where employees work, and any equipment they use, is safe.
  - Making sure dangerous substances are stored, used and disposed of in a safe and environmentally friendly manner.
  - Making sure employees, especially new employees, have relevant information and training on health, safety, environment & quality policy.
  - Making sure employees can do their jobs, and are properly trained.
  - Trying to stop accidents and work-related health problems.
  - Following the principles of integrity, honesty, transparency and fairness.

- Respect to human rights, cultural values.
  - Implementing grievance mechanism to ensure that the expectations of interested parties are considered.
  - Regularly checking that working conditions are safe and healthy.
  - Minimizing the customer complaints, re-works, repair works and reduce losses.
  - Increasing the efficiency of the Management Systems, continuous monitoring and improving their implementation.
  - Regularly reviewing this policy and making changes if necessary.
3. Authorized by:

Eng. John I. Kessy  
Managing Director

January, 2021

### **Arrangements for Health, Safety, Environment & Quality**

The general details of R & A Works Co. LTD arrangements for the management of health, safety, environment and quality are as follows:

- a. The policy will be used as a foundation to influence activities and decisions.
- b. All relevant safety information will be provided at all workplaces where employees are located.
- c. The health, safety, environment and quality policy will be reviewed annually to ensure that it is effective and up to date.
- d. Personnel not reaching competent and poorly trained personnel, who undertake work activities, increase the likelihood of accidents and injury. Management and supervisory staff must ensure that all employees under their control have appropriate training and experience to undertake their allocated tasks.
- e. Management and supervisory staff are required to carry out risk assessments of work activities which pose a significant risk to health and safety, in order to ensure hazards are eliminated or reduced by implementing appropriate control measures and safe systems of work.
- f. R & A Works Co. LTD is committed to effectively managing all their activities' environmental impacts through compliance with legislation and company policy. Appropriate arrangements to protect the environment will be put in place at all workplaces.
- g. R & A Works Co. LTD will make adequate arrangements to ensure that all workplaces are maintained in a clean, orderly and safe condition. The company acknowledges that work can be hazardous and it is therefore the company's intention to reduce the risks as far as is possible.
- h. Workplace management and supervisors will ensure compliance with any noise levels and periods of permitted noise activities laid down by local authorities, in order to prevent noise pollution.

- i. Prior to any operation commencing, information must be obtained on any material, substance, or process to be used or likely to be encountered, which could be a hazard to the health of personnel.
- j. Ensure that electrical installations and equipment are installed accordingly and are safe for use and free from defect.
- k. Procedures will be produced at all workplaces detailing action to be taken in the event of a fire, including on discovering a fire, hearing a fire alarm, evacuation routes and assembly points. All employees will be informed, instructed and where necessary, trained in fire prevention and evacuation procedures.
- l. Written emergency procedures for reasonably foreseeable incidents will be prepared at all workplaces. The company will assure that emergency procedures are understood by all personnel and they are evaluated as appropriate to the circumstances prevailing at each work site.
- m. All employees, contractors and visitors must report all accidents resulting in injury to any person, damage to any property or dangerous occurrences or near misses. Adequate first aid equipment will be provided at all workplaces, under the control of the First Aider
- n. Suitable and sufficient welfare facilities will be available at all workplaces to all employees, contractors and visitors.
- o. Management and supervisory staff will ensure that suitable and adequate quantities of Personal Protective Equipment (PPE) are available at all workplaces and used appropriately. All management, supervisory staff, employees, and visitors shall wear appropriate PPE whilst on Company sites, including safety helmets, high visibility jackets or waistcoats, safety footwear and other PPE as directed.
- p. Arrangements shall be made to ensure, so far as is reasonably practicable, that no member of the public will be exposed to risks to their health and safety as a result of R & A Works Co. LTD activities.
- q. Alcohol or drug abuse by employees, supervisors and management staff can adversely affect the health and safety of themselves or others in the workplace. Therefore, it is the policy of R & A Works Co. LTD that alcohol or drugs are prohibited in the workplace.
- r. At work, an employee who is severely stressed could become a danger to themselves, as well as to others in the workplace. Any persons known to be, or strongly suspected of being, affected by stress should be referred to the appropriate manager who will arrange for the person to be monitored.
- s. Records will be maintained of all necessary health, safety and environment documentation.
- t. Managers and supervisory staff must ensure that all workplaces and activities under their control meet the requirements set out in this policy. All major accidents and dangerous occurrences will be investigated. A report will be produced and, where feasible, recommendations for preventative and/ or corrective action will be made.
- u. Any person found not complying or in breach of Health, Safety, Environment & Quality requirements will be disciplined according to the Company disciplinary procedure. Site Managers are responsible for the day-to-day control of safety on site and are given the full support from the Company regarding any actions they feel necessary to enforce site safety.

- v. R & A Works Co. LTD will continually monitor a sub-contractors' health, safety, environment and quality performance, compliance with procedures and safe working practices throughout the duration of their contract.
- w. R & A Works Co. LTD will carry out a risk assessment to identify the risks involved in work at height and processes to eliminate or control the risks. All work must be carried out as planned and in accordance with the relevant standards and risk assessments. The safety of other workers, the public and particularly children must be a priority consideration during the working period. Access to the working areas must be removed or fenced outside working hours or when unattended.
- x. Tasks which involve the use of vibrating equipment will be reduced to a minimum or alternative working methods will be adopted.
- y. Deliver a quality service to maintain excellent customer relations, customer satisfaction remains inherent to our business as our customer's requirements have been fully understood and met.
- z. Strive to continuously improve our systems and procedures as our staff are fully trained and involved in quality improvement. Use services that meet our own quality assurance standards and any complaints are dealt with efficiently and within an acceptable time period.
